# Building relationships

What brought you to this conference? To the work you do?

What do (did) you hope to accomplish at this conference? With the work that you do?

# Dipping our toes into Catalytic Thinking

- Creating favorable cause-and-effect conditions
- Bringing out the best in people
- Together we have everything we need

# Dipping our toes into Catalytic Thinking

“A great question does not have the answer you want in it.”

- Gayle Valeriotte

# Dipping our toes into Catalytic Thinking

- Changing the questions we ask
- Visioning what we want to accomplish
- Knowing who we may impact
- Listening for values, strengths, and outcomes
- Understanding the conditions needed for success

# Starting to play

- Anyone have a situation we can play with?
- What's the situation?
- What questions might we ask?

# Noticing and reflecting

- What stood out to you?
- What are you noticing about yourself? About the experience? About others?

# Wrapping it up
